

KONICA MINOLTA

The essentials of imaging

# Did someone just scan a document on your copier?

bizhub from Konica Minolta Business Solutions

## The Konica Minolta Copier/Printer/Scanner/Fax

It's a laser printer. A color copier. A black & white copier. A fax machine. A scanner. An e-mail-er... and so much more.

## Meet bizhub. The extraordinary new generation of multifunction business solutions from Konica Minolta.

With the Konica Minolta bizhub, you can print, copy, scan, e-mail, manage network jobs, store forms and documents, transfer digital documents, send high-speed black & white and high-quality color copying jobs remotely, and finish your documents seamlessly and efficiently - all from a single, centralized power center.

And whether you print in black & white or color, all of your photos, documents and charts are finished with the high-detail definition of **Simitri<sup>®</sup> Polymerized Toner** - specially developed for Konica Minolta business solutions.

- **Move.**

**Move information faster.**

That's the goal of multifunctional productivity. To print, copy, scan and fax, all from a single resource - without compromising quality and reliability.

- **Store.**

**Save digitally, retrieve easily.**

Konica Minolta's bizhub lets you store important documents, forms and files digitally, and even stores files in personal mailboxes for easy access anytime.

- **Share.**

**Share information sooner.**

With Konica Minolta's bizhub, you can scan digitally and share instantly - to FTP, HDD, e-mail, even TWAIN-compliant scan to PC or Internet.

- **Collaborate.**

**Turn co-workers into collaborators.**

Scan documents to individual mailboxes so key personnel have immediate access to relevant data, safely and securely.

- **Colorize.**

**Make color easy and affordable.**

Nothing communicates more effectively than color. With Konica Minolta's bizhub, you'll have access to easy, affordable color printing that looks totally professional.

- **Print in-house.**

**Bring more printing in-house.**

Don't go outside, go bizhub. Print, reprint, update, collate, finish, fold, punch, staple - all while saving time and money keeping the job in-house.

- **Scale.**

**Scale to your workflow.**

From print shop to desktop, there's a cost-effective solution that exactly suits your needs - in size, power, functions and options.

- **Manage.**

**Manage your documents.**

Software speeds access to documents, provides OCR and full-text search, combines text and graphics, previews files and more.

- **Protect.**

**Protect your environment.**

The Konica Minolta bizhub is designed to last: metal parts with higher reliability, toner with great efficiency, modes that save energy and consumables that recycle more easily.

- **Network.**

**Strengthen your network.**

You'll have full networking capabilities, including software to manage multiple devices from a single desktop PC.

- **Improve.**

**Improve your image.**

With Konica Minolta's exclusive Simitri<sup>®</sup> polymerized toner, every bizhub document reveals greater detail and definition - from full-color brochures to electronic forms with customized graphics.
